

●●● Final Scientific Programme

Friday, 20 September, 2013

15.00-20.30 REGISTRATION

16.00-17.00 Oral Presentations I

Chair: M. Nikolaou - T. Vrekoussis

- O.P.1 HELA CELLS, AN IN VITRO MODEL OF HUMAN CERVICAL CANCER AND ENDOMETRIOTIC CELLS, BOTH EXPRESSES THE STRESS-RELATED PEPTIDES; CRH, UCN AND THEIR RECEPTORS**
E. Taliouri, A. Vergetaki, E. Tsentelierou, T. Vrekoussis, E. Stathopoulos, T. Agorastos, A. Makrigiannakis
- O.P.2 THE EXPRESSION OF FASL IS TIME-DEPENDENTLY REGULATED BY CRH IN HELA CELLS, AN IN VITRO MODEL OF HUMAN CERVICAL CANCER**
E. Taliouri, E. Vergetaki, E.A. Papakonstanti, A. Makrigiannakis
- O.P.3 ANTIBIOTIC PROPHYLAXIS IN DIAGNOSTIC HYSTEROSCOPY: OUR EXPERIENCE AND REVIEW OF THE LITERATURE**
M. Nikolaou, S. Fiorentzis, K. Xanthakis, N. Nafpliotis, Ch. Theodorakopoulos, M. Alexandraki, G. Datselis, Th. Katasos
- O.P.4 CONTROVERSIES ABOUT THE EFFECT OF DIAGNOSTIC HYSTEROSCOPY IN INFERTILE WOMEN BEFORE IVF: OUR EXPERIENCE AND REVIEW OF THE LITERATURE**
M. Nikolaou, St. Fiorentzis, K.Xanthakis, N. Nafpliotis, Ch.Theodorakopoulos, M. Alexandraki, G.Datselis, Th.Katasos
- O.P.5 CRH, UCN AND THEIR RECEPTORS ARE EXPRESSED IN ENDOMETRIOSIS AND REGULATE GALECTIN-1, CSF-1 AND FASL IN ISHIKAWA CELL LINE AND MACROPHAGES**
A. Vergetaki, U. Jeschke, E. Taliouri, L.Sabatini, E. A. Papakonstanti, A.Makrigiannakis
- O.P.6 ENDOVAGINAL ULTRASOUND TO EXCLUDE ENDOMETRIAL PATHOLOGY**
G. Stratoudakis, A. Zisiou, H. Polyzou, V. Christoforaki, D. Konstantinidis, G. Daskalakis
- O.P.7 SONOGRAPHIC FINDINGS OF OVARIAN CANCER ARISING IN ENDOMETRIOID CYSTS**
G. Stratoudakis, A. Zisiou, H. Polyzou, V. Christoforaki, D. Konstantinidis, G. Daskalakis

17.00-18.00 Oral Presentations II

Chair: G. Petsas - T. Vrekoussis

- O.P.8 ULTRASONOGRAPHIC FINDINGS OF ABDOMINAL WALL ENDOMETRIOSIS**
G. Stratoudakis, A. Zisiou, H. Polyzou, V. Christoforaki, D. Konstantinidis, G. Daskalakis
- O.P.9 T REGULATORY CELLS IN FOLLICULAR FLUID IN WOMEN WITH FERTILITY PROBLEMS**
I. Lykakis, P. Verginis, A.Makrigiannakis
- O.P.10 A PATERNAL INFLUENCE ON THE EMBRYONIC CAPACITY FOR IMPLANTATION OBSERVED IN A SURROGATE MOTHERHOOD PROGRAM**
I. Giakoumakis, D. Daphnis, M. Solanou, E. Vlachopoulou, K. Zotos, G. Daligkaros, N. Sofikitis
- O.P.11 IS THE 'ULTRASOUND ONLY' APPROACH AN ADEQUATE TOOL FOR CONTROLLED OVARIAN STIMULATION MONITORING?**
J. Knez, B. Kovačič, V. Vlasisavljević
- O.P.12 VALUE OF TRANSVAGINAL HYDROLAPAROSCOPY IN INFERTILITY EVALUATION**
M. Reljić, V. Vlasisavljević
- O.P.13 CAN SPERM MOTION PARAMETERS, ASSESSED BY CASA HELP IN CHOOSING BETWEEN IVF OR ICSI METHOD FOR OOCYTE INSEMINATION?**
B. Kovačič, B. Breznik-Pregl, V. Vlasisavljević

● ● ● Final Scientific Programme

Friday, 20 September, 2013

18.30-20.30

Session I

Chair: A.Makrigiannakis - B. Tarlatzis

- | | | |
|-------------|---|---------------------|
| 18.30-19.00 | Gametes from Stem Cells. | A. Veiga |
| 19.00-19.30 | Cytokines and Reproduction. | U. Jeschke |
| 19.30-20.00 | Can genomics be used to predict the most suitable stimulation protocol? Role for pharmacogenetics in IVF. | D. Loutradis |
| 20.00-20.30 | Reproductive rights and ART: Is there a right to reproduce in Europe? | F. Shenfield |

Saturday, 21 September, 2013

09.00-11.00

Session II

Chair: I. Messinis - F. Shenfield

- | | | |
|-------------|--|--------------------------|
| 09.00-09.20 | Role of ultrasound monitoring in ovarian stimulation. | I. Messinis |
| 09.20-09.40 | Antral Follicle count and Follicle development in natural cycle. Echographic evidence. | K. Mahmoud |
| 09.40-10.00 | Blood flow in uterus and ovaries. What is the clinical significance of perifollicular vascularization. | V. Vlasisavljevic |
| 10.00-10.20 | Ultrasonographic aspects of PCO and PCOS/MCO. | T. Motrenko |
| 10.20-10.30 | DISCUSSION | |

10.30-11.00

COFFEE BREAK

11.00-12.00

SATELLITE SYMPOSIUM SPONSORED BY FERRING

«Time to personalize: the prospects of individualizing ART»

Chair: E. Makrakis - K. Zikopoulos

- | | | |
|-------------|--|----------------------|
| 11.00-11.30 | The heterogeneity of gonadotrophins and its implications on Art. | K. Dafopoulos |
| 11.30-12.00 | The evolving importance of AMH: Building future inroads for a tailor made approach of ART. | B. Urman |

Final Scientific Programme

Saturday, 21 September, 2013

12.00-13.00 **SATELLITE SYMPOSIUM SPONSORED BY MERCK SERONO**

«Drugs and beyond...»

Chair: I. Messinis - K. Zikopoulos

- 12.00-12.30 Recombinant hFSH plus recombinant hLH VS recombinant Hfsh alone in ART. **B. Tarlatzis**
- 12.30-13.00 Repeated Implantation Failure. Novel therapies before embryo transfer. **A. Makrigiannakis**

13.00-14.30 **LUNCH**

14.30-16.30 **Session III**

Chair: G. Adonakis - P. Inaudi

- 14.30-14.50 Functional / Endometriotic cysts in ART patients. Clinical Significance. **N. Radunovic**
- 14.50-15.10 Endometriosis and fertility: when to operate and when refrain. **A. Feki**
- 15.10-15.30 Congenital uterine anomalies. The role of 3D. Should it be a gold standard? **G. Grimbizis**
- 15.30-15.50 Contrast salpingosonography to evaluate tubal patency. **S. Mousourakis**
- 15.50-16.10 Antral follicular count. **O. Sefrioui**
- 16.10-16.30 DISCUSSION

16.30-17.00 **COFFEE BREAK**

17.00-18.00 **Session IV**

17.00-17.00 **LECTURE I**

Chair: A. Loufopoulos - E. Paraskevaidis

HPV. Prevention and early diagnosis. **T. Agorastos**

17.30-18.00 **LECTURE II**

Chair: D. Loutradis

Imaging of human embryos. The best embryo for transfer. **A. Veiga**

18.00-20.30 **BOARD MEETING**

21.00 **WELCOME RECEPTION**

Sunday, 22 September, 2013

08.30-09.00

LECTURE III

Chair: P. Drakakis

VTE prevention in pregnancy and peripartum.
Where do we stand.

E. Papadakis

09.00-11.00

Session V

Chair: T. Katasos - A. Makrigiannakis - N. Vrachnis

09.00-09.20

The role of Fertiloscopy in ART.

A. Watrelot

09.20-09.40

The role of ultrasound in guiding embryo transfer.

H. Sallam

09.40-10.00

What future prospects for ovarian stimulation: to produce only eggs or also improve embryo implantation.

M. Aboulghar

10.00-10.20

Is there a role for U/S in the diagnosis of POF?

S. Kalantaridou

10.20-10.40

From gametes to patients: the chaos of imaging.

L. Gianaroli

10.40-11.00

DISCUSSION

11.00-11.30

LECTURE IV

Chair: B. Tarlatzis

Corifollitropin Alfa into Clinical Practice today.

Ch. Blockeel

SPONSORED LECTURE BY MSD

11.30-12.00

COFFEE BREAK

12.00-14.00

Session VI

Chair: I. Giakoumakis - S. Sifakis - V. Tanos

12.00-12.20

Ultrasonography in reproductive medicine.

P. Drakakis

12.20-12.40

Spectral Hypervision in Hysteroscopy.

M. Paschopoulos

12.40-13.00

Assherman syndrome: new options of management.

N. Vlachos

13.00-13.20

Surgery of hydrosalpinges and Implantation Rate.
(Salpiggestomy, salpingostomy, ligation, essure, etc).

V. Tanos

13.20-13.40

The role of progesterone in the late follicular phase.

S. Kolibiannakis

13.40-14.00

DISCUSSION

14:00-14:30

CLOSING REMARKS / A. Makrigiannakis
